You could save up to \$938 a year in Medicare expenses. See inside for details...

You could
Save
\$938
up to
a year, and in
some cases more, in
Medicare expenses.

Follow the three steps
inside to find out how.

Step 1

Learn about programs that can put money back in your pocket

You can get help paying for your Medicare premiums. Your state may have a program that may save you up to \$938 each year, and in some cases more, in Medicare expenses. Millions of people who have Medicare Part A and limited income and resources are eligible if they apply and qualify.

Many people who could get this help never apply. Are you one of them?

Note: If you have a disability and lost your Medicare because you returned to work, and are eligible to purchase Medicare Part A benefits, you should also apply.

* Income limits increase slightly each year.
** Individual states may have higher limits.

Step 2

Answer “YES” to three important questions

If you can answer “yes” to each of the following questions, you should apply!

1. Do you have Medicare Part A, also known as hospital insurance?

If you are not sure, look on your red, white, and blue Medicare insurance card. Or, call Social Security toll-free at 1-800-772-1213. TTY users should call 1-800-325-0778.

2. Are you an individual with a monthly income of less than \$1,097* or a couple with a monthly income of less than \$1,464*?

3. Are you an individual with resources of \$4,000** or less or a couple with resources of \$6,000** or less?

Resources include money in a checking or savings account, stocks, bonds, and the value of your life insurance policy if it's \$1,500 or more. When you are figuring out your resources, don't include your home, car, burial plot, up to \$1,500 for burial expenses, or furniture.

Step 3

Call to get more information

It's very important to call if you think you could qualify for savings, even if you aren't sure.

Call 1-800-MEDICARE (1-800-633-4227). When you call, ask for information about getting help paying for your Medicare premiums. TTY users should call 1-877-486-2048. Or look at www.medicare.gov on the web. They will connect you to your nearest state medical assistance office.

Call today and ask about getting help paying for your Medicare premiums!
